# TETHERED 2021

**“But I am close to God, and that is good. The Lord is my protection, I will tell all that you have done”**

**Psalm 73:28**

---

Although this year has been difficult to navigate, we are thankful for God’s presence and comfort. In the days and moments of these past few months, we have recognized His hand at work, in and through the Red Rock community. As we approach summer 2021, we are reminded of God’s faithfulness and the importance of remaining ‘tethered’ to Him so that we can participate in His good works.

There are many circumstances where being ‘tethered’ provides a sense of safety and relief. If you have ever scaled a rock climbing wall or rock face, you might know the reassurance of being tethered to your belayer. Maybe you have even been to outer space, and can recall the experience of being tethered to your spacecraft during a spacewalk...? It is unlikely that any of us know that exact feeling, but imagine that your tether line is the one thing separating you from remaining close to the place where you will survive, and the emptiness in which you would drift away and be lost forever.

It is easy to get caught up in the perils of our surroundings, not just in a physical sense, but also emotionally and spiritually. Following God into the unknown can be a scary and confusing adventure. God’s promise however, the “I will never leave you, nor forsake you” one, rings true over and over again. This is Red Rock’s focus in 2021. No matter what happens, we will stay tethered to our Creator, our Father, our King.

God has made it possible for us, even as imperfect and struggling human beings, to know and rely on Him.

When we experience this closeness to God, we know what it is like to be tethered to Him. The peace, reassurance, and hope that become established in a life that is tethered to God, are impossible to achieve any other way. Remaining tethered to God is a daily choice that all Christians must actively decide to do.

When we truly know the love and righteousness of our God, the decision to clip into the tether line He offers is the best decision we can make.

Wherever this summer takes you, we hope and pray that you consider your spiritual proximity to God. Evaluate what it means to be tethered to the one who is everlasting. Challenge yourself to stay clipped in to Him and experience the kind of life that only God can help you live. Lastly, we hope that you reach out to others. Community is a crucial aspect of being in a relationship with God. As your tether you life to Christ, know that He has called us to be invitational. There is a place for every person you meet in the Kingdom of God. Reach out to others as you reach up to Him, and pursue all that He has for you this summer.
